FLARE

Sea Signals is a bold new street art initiative bringing together the power of creativity and ocean conservation.

This large-scale public art project is a collaboration between @flarestreetartfestival @pangeaseed and @watchthisspacechch, uniting local and international artists to create striking ocean-themed murals across the city.

Through the themes of moana, climate resilience, and kaitiakitanga, Sea Signals aims to transform walls into messages – raising awareness of critical marine issues and celebrating our deep connection to the ocean.

## PROGRAMME

### Sea Signals Public Opening

Monday 9th Feb - 6.30pm

@ Flare art co-op - Kettlewell Lane, The Crossing

### Street Art Tours with Watch This Space
